Subject: RE: Guidelines Roll-out

Hello all,

ODFW has placed the guidelines and the announcement letter on our website at:

<http://www.dfw.state.or.us/lands/index.asp#Lands>.

I will be working with Ron Anglin and Jon Germond next week to get a notice out to all ODFW's wildlife and habitat biologists that the guidelines are now available on our website and that the process laid out in the guidelines is to be used for wind projects across the State.

I also have shared the guidelines document and the announcement letter with Michael Pope who will be sending them out electronically to the registrants for the Nov 5&6 wind energy and wildlife workshop in The Dalles.

Rose
